1. BTSP Monitoring Instrument considerations for Collaborative
  - 4.120 Accomplished: “The LEA/Charter uses the BTSP Plan to drive decision making in reference to Beginning Teacher Support” (What role can the Collaborative play?)
2. Review Teacher Working Conditions Survey results for Collaborative LEAs and see if there are any areas that need special emphasis.
3. Review BTSP results for Collaborative LEAs and see if there are any areas that need special emphasis.

4. Surveys for BTs and Mentors (maybe use something similar with Collaborative? For LEAs being visited in a given year?) – we may be able to support this initiative for all member LEAs.
5. BTS Request form. Can we expand it to notify LEA Rep when submitted by a BT in their district? (support for 4.80 in BTSP rubric?)
6. Think about 2 or 3 sessions where 2<sup>nd</sup> & 3<sup>rd</sup> year teachers meet with Ralph to reflect on support received and that needed but not received. (Especially from Collaborative). Focus groups?
